The Maldives is the ultimate in island escapism – pure white sands and gentle, translucent turquoise waters; a place of tranquillity, discovery and star-filled nights. It's also home to world-class accommodation, diving, spa treatments and dining at five-star Centara Grand Island Resort & Spa Maldives.

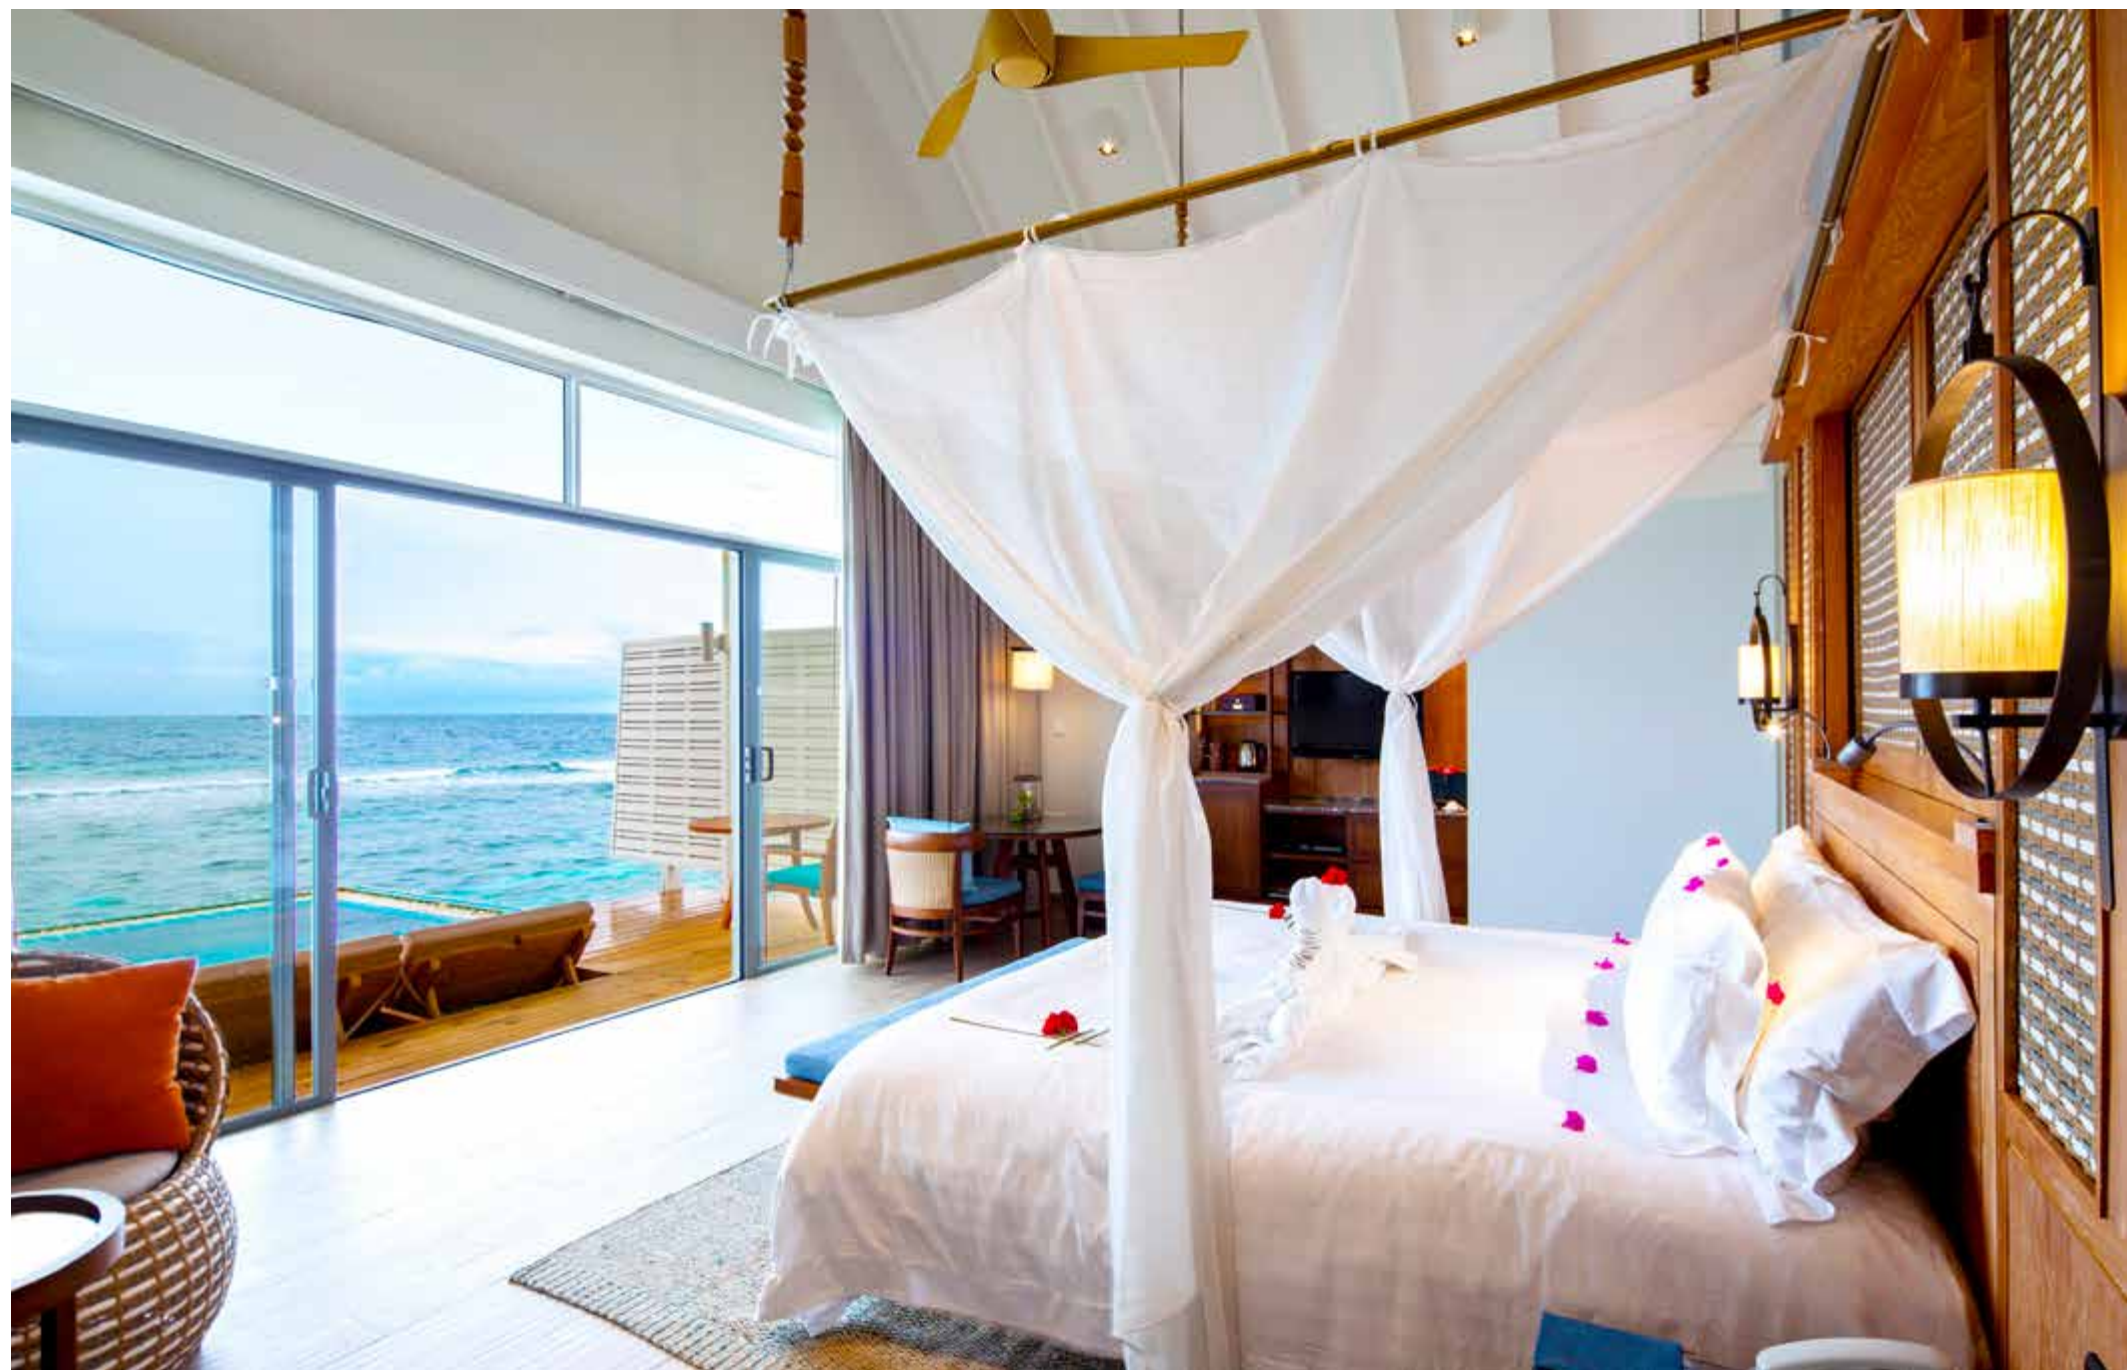

Ultra-luxurious but family-friendly, the resort showcases stunning over-water villas with every amenity, and service on hand for an exceptional experience. You will enjoy our "Ultimate All-Inclusive" programme, an innovative way to slip into an utterly seamless, cash-free state of ease in which relaxing is the only priority. You can take advantage of a choice of dining options, free-flow soft drinks, cocktails or wines throughout the day, a constantly refreshed in-villa minibar and a sundowner cocktail party each evening. During the day, off-island excursions, free snorkelling equipment hire, and access to non-motorised water sports are all waiting for you to take part. Generous daily spa credits at SPA Cenvaree are also included, but if you're intent upon discovering the magical underwater world of the Maldives, up to three scuba diving sessions a week as an alternative to spa treatments can be arranged as part of the package.

LIVE IN STYLE

The resort has a choice of Beach Suites and Water Villas accommodation. Beach Suites are set on the beautiful white sand beach which is just few steps away from the lagoon. These two-level suites are spacious and can comfortably accommodate up to three adults or two adults and two children. Each has a living room with furnished terrace and a bathroom on the lower level, and a king bedroom on the mezzanine level. The whitewashed timber Water Villas are perched above the lagoon and are linked to the island by wooden walkways, evoking the atmosphere of a tropical island community. The Ocean Water Villas, each with a balcony, an over-water netting, and a stairway leading down to the lagoon, feature a large, light and airy living space with plenty of rooms to relax indoors or outdoors. If you wish to enjoy additional exclusive benefits, opt for an upgrade to the Club category.

The 114-square-metre Sunset Ocean Pool Villas are set on the west end side of the island, and offer sublime sunset views from your own private plunge pool, and a sea-gazing king bedroom plus exclusive access to Club benefits, which include dedicated service at The Club Lounge with its separate swimming pool, dining venue, and private check-in and checkout.

Available as two-bedroom family retreats or one-bedroom villas for couples, the Luxury Beachfront Pool Villas offer ultimate comfort with a private plunge pool and expansive furnished terrace making it ideal to laze the day away.
